Education

Guru Nanak Dev Engineering College Bachelor of Technology (B.Tech) Computer Science Engineering GPA: 8.4	Ludhiana.Punjab 2022-2026
---	------------------------------

Experience

AI Intern — Academor Technologies • Built and deployed ML models for real-time financial predictions with 92% accuracy. • Automated evaluation pipelines reducing manual work by 40%. • Enhanced dataset processing through optimized data preprocessing scripts.	Remote May 2024 -July 2024
Semantic Web Intern Guru Nanak Dev Engineering College • Developed Semantic Web applications using RDF, OWL & SPARQL. • Created a linked-data querying system, improving retrieval efficiency by 30%. • Designed accessibility-compliant UIs aligned with W3C guidelines..	Punjab June 2024 -Aug 2024

Projects

SpendIQ — Full-Stack AI Finance Platform • AI-driven expense tracking with real-time financial insights. • Automated transaction categorization (90% less manual work).] • Secure auth + fraud-prevention using ArcJet.	(March 2025- June 2025)
Mall Management System • Centralized system for food ordering, movie booking & parking. • AR indoor navigation using QR markers. • Admin dashboard for operations monitoring.	(Jan 2025 - March 2025)
Inayro — Ayurvedic Web Platform • Responsive site offering Ayurvedic health recommendations.	(March 2024 - April 2024)

Certification

- TATA Crucible Campus Quiz – Participation — Tata Group (2025)
- GFG 160 – 160 Days of Problem Solving — GeeksforGeeks (2025)
- Generative AI Mastermind — OutSkill (2025)
- Machine Learning Internship — Academor Technologies (2023)
- Python Foundation Certification — Infosys Springboard (2023)

Additional

Technical Skills: Python, JavaScript, C++, SQL, PHP, Git, Semantic Web, ML, Next.js, MySQL, Supabase, R
Academic Achievements : Smart India Hackathon Internal Round Selection 2024;
Volunteer Experience:Organised technical college events, mentoring juniors in projects
Soft Skills: Team collaboration, communication, quick execution, critical problem-solving
