SUMMARY

Motivated Computer Science Engineering student with experience in developing AI-driven applications and database-backed solutions. Passionate about solving real-world problems through innovative technology and continuous learning. Actively serving as a CPL in NCC, showcasing leadership and discipline.

EDUCATION

Guru Nanak Dev Engineering College B.Tech. in Computer Science and Engineering; CGPA: 8.9	Ludhiana, Punjab 2022 - 2026
Guru Nanak International Public School Class 12 – Non-Medical; Percentage: 91%	Ludhiana, Punjab 2021 - 2022

PROJECTS

Kisan Mitra - Smart Farming Assistant	January 2025- May 2025
- Implemented machine learning models using TensorFlow CNN to detect 22+ plant diseases with 97%+ accuracy. - Designed an ML-powered recommendation system that provides targeted remedies and preventive measures for identified plant diseases. - Integrated News and Weather Alerts, agri-news feeds, and crop guides to provide actionable insights for farmers.	
Sewa Setu - Social Service Connectivity Platform	August 2025- October 2025
- Built a full-stack web platform using React.js, Node.js, and MongoDB to connect donors, NGOs, and beneficiaries for donation and assistance management. - Implemented role-based authentication and interactive dashboards to streamline campaign tracking, user verification, and report generation. - Designed a responsive UI .	
Face Emotion Detection	June 2024- July 2024
- Built a CNN-based model to detect and classify facial emotions from grayscale images. - Trained on a labeled dataset with 7 emotion classes using image processing techniques.	

WORK EXPERIENCE

Executive Member at Training and Placement Cell	March 2024- May 2025
- Assisted in conducting campus placement drives and industry interactions. - Organized events and workshops to enhance student employability and industry readiness.	
Deputy Coordinator at Training and Placement Cell	May 2025- Present
- Supported coordination of placement activities for 200+ students and recruiters, ensuring effective communication between faculty, students, and companies. - Assisted in organizing career development workshops and events to enhance student readiness for industry roles.	
Training at ANSH INFOTECH	June 2024- July 2024
- Gained experience in AI concepts, including ANN, CNN, NLP. - Developed a Face Emotion Detection model using CNNs, classifying emotions like happiness, sadness, and anger. - Enhanced AI model-building skills for real-world applications and future projects.	

SKILLS

- **Programming Languages:** C, C++, SQL, JavaScript, Python
- **Frameworks:** Mongoose, Express.js, Pandas, NumPy
- **Tools:** Excel, MySQL, MongoDB, GitHub, Bootstrap
- **Platforms:** PyCharm, Jupyter Notebook, Visual Studio Code
- **Soft Skills:** Problem-Solving, Leadership, Team Collaboration, Time Management, Adaptability

ACHIEVEMENTS

- Completed AI course under the National Skill Qualification Framework (Level 3, Grade A).
- Certified in Python Foundation Infosys Springboard
- Certificate of Appreciation – AICTE-VAANI Workshop Awarded for organizing a three-day workshop on "Artificial Intelligence and Punjabi Language" at GNDEC, Ludhiana (June 2024).
- Secured 3rd position in Declamation at the Psychofest hosted by School of Arts, Science, Humanities and Physical Education, CT University, Ludhiana, Punjab.
- Secured 3rd position in Co-Designers on 5th Feb 2024.
